

QUOTATION / PROPOSAL FOR SCHOOL LITERACY RESOURCE

To: Headteacher / Literacy Lead / Finance Department

From: Spike's Sight Words – Specialist Literacy Resources

Subject: Enhancing Literacy Outcomes via Orthographic Mapping

This proposal outlines the cost and benefits of integrating **Spike's Sight Words** board games into your school's literacy strategy. Moving beyond traditional rote memorisation, Spike's Sight Words is a curriculum-aligned tool designed to facilitate **orthographic mapping**—the mental process students use to store words for immediate, effortless retrieval. By engaging multiple senses, our games help pupils bond phonemes to graphemes, boosting reading fluency and long-term confidence.

Why Spike's Sight Words?

Science of Reading Aligned: Specifically designed to support the transition from sounding out to automatic recognition through orthographic mapping.

Curriculum Integration: Mapped to high-frequency word lists and National Literacy standards for EYFS, KS1, and intervention groups.

Inclusive & Differentiated: Highly effective for EAL learners and SEND pupils who require multisensory reinforcement to bridge literacy gaps.

Classroom-Durable Design: High-specification components built to withstand daily use in busy learning environments.

Engagement without Anxiety: Makes practising to read fun and engaging.
